Permit Requirements To Cross Or Parallel A County Drain

In consideration of the granting of this permit, Permittee does hereby agree to comply with all terms and conditions as set forth in this permit, together with the rules and regulations as established by the Calhoun County Water Resources Commissioner, a copy of which rules and regulations are as follows:

1. All utilities and/or facilities must be minimum of four (4) feet below the established drain bottom when crossing or paralleling a county drain or right-of-way.
2. Any structures removed such as headwalls, wingwalls, concrete slabs, rip rap, erosion protection, tiling and culverts-metal or concrete, must be replaced with new material and reconstructed to original condition or better.
3. All ditch banks, when disturbed, must be reshaped to original slope, compacted, topsoiled and seeded, fertilized and mulched or hydroseeded.
4. A minimum of seventy-two (72) hours notice is required to the inspection department prior to any construction that will involve a county drain.
5. Equipment and materials may not be stored in any way so as to cause blockage of a county drain.
6. Permittee is responsible for maintaining all storm drainage during the time of construction, whether by use of pumping equipment or construction of a bypass system.
7. Permit fee will be Two-Hundred Fifty Dollars (\$250.00) per occurrence, payable by check to the Calhoun County Water Resources Commissioner. Prior to issuance of a permit proof of Contractor's Liability Insurance must be filed with the Office of Water Resources Commissioner, with the named insured, in compliance with the Calhoun County Water Resources Commissioner's standards. Also indemnity insurance in the amount of \$1,000,000.00.
8. This Permit does not relieve applicant from meeting any application requirement of law or of other public bodies or agencies. Additionally, the issuance of this permit does not relive the utility of any future expense for relocation of said utility to accommodate for future drain improvements.

9. Permittee shall be responsible for and pay all costs for the engineering and inspection services incurred by the Calhoun County Water Resources Commissioner in the review of the Permit Application and inspection of the work performed hereunder. Payment to be made within thirty (30) days of invoice.

10. Other: _____ further agrees, either to pay any increased cost to the Drainage District due to this utility occupying said drain, said cost to be determined as a separate bid item during construction or reconstruction, or if determined necessary by the Calhoun County Water Resources Commissioner, the utility company occupying said drain right-of-way, shall relocate or lower if the location of the utility shall increase the cost of performing drain improvements or drain maintenance.

All expenses pertaining to said relocation shall be paid by the owner of the utility company. Relocation shall be completed within 90 days from receipt of written request by the Water Resources Commissioner.

Additional time may be granted by the Water Resources Commissioner if determined necessary.

Permittee does hereby acknowledge and agree, that in the event that the area of the right-of-way for which this permit is granted is necessary for the future maintenance and operation of the _____

Drain, the Permittee, at its own expense, shall remove all conflicting facilities, structures, pipelines, cables and other appurtenances to said use in and during the time of the maintenance of said Drain. Upon request of the Water Resources Commissioner in the behalf of the Drainage District said utility will be relocated within 90 days of the request.

Further, Permittee shall hold harmless and indemnify the Calhoun County Water Resources Commissioner, the _____ Drain Drainage District, and their employees, agents or contractors from any injury to person or property sustained as a result of the placement of the uses specified herein.
